

Meeting of EQ-5D researchers in the UK and Ireland

20 February 2025

Provisional programme

Location: Conway Hall, 25 Red Lion St, London WC1R 4RL

Arrivals from 9.30am.

- 10.00** **Welcome** and opening of the meeting
- 10.15** **Invited speaker** (20 minute presentation followed by discussion)
- Oliver Rivero Arias (University of Oxford) “*Valuing EQ-5D-Y-xL health states: there’s more to this than meets the eye*”
- 10.55** **Research presentations** (10 minute presentation followed by 10 minute discussion)
- Matthew Keane (University of Nottingham): “*A comparison of adolescent and proxy responses to the EQ-5D-Y in young people with emotional difficulties: What’s the difference?*” Keane M, Cox E, James M
- Helen Campbell (University of Oxford): “*Estimating an EQ-5D-Y-3L value set in the United Kingdom.*” Rivero-Arias O, Campbell H, Rowen D, Mott D, Shah K
- Claire Mills (Leeds Teaching Hospitals NHS Trust): “*Improving measurement of health-related quality-of-life in intensive care using EQ-5D.*” Mills CS, O’Dwyer J, Webb E
- 11.55** **Research ideas pitch**
- Haode Wang (University of Sheffield). “*A comprehensive feasibility assessment of using EQ instruments in geriatric rehabilitation care*” Wang H, Rowen D, Mukuria C
- 12.15** **Lunch**
- 13.00** **Invited speaker:** (20 minute presentation followed by 20 minutes discussion)
- James Love-Koh (NICE) Title tbc
- 13.40** **Research presentations** (10 minute presentation followed by 10 minute discussion)
- Sally L Sansom (University of Oxford): “*Evaluating the psychometric properties of patient and carer-reported outcome measures in the context of genome sequencing for rare disease diagnosis*”. Sansom SL, Buchanan J, Dixon P, Peters M, Wordsworth S.

Cheng Ling Jie (University of Oxford): *“Exploring Variability in EQ VAS Scores: A Systematic Review and Meta-regression of Population Health Studies.”* Cheng LJ, Feng Y, Cheng JY, Chen LA, Luo N

Emma McManus (University of Manchester): *“The quality of life of individuals at elevated risk of type 2 diabetes: analysis of 150,000 EQ-5D responses”.* McManus E, Sutton M

14.40 Break

15.00 Research abstracts (10 minute presentation followed by 10 minute discussion)

Sarah Pyne (University of East Anglia): *“It ain't what you do, it's the way that you do it”:* *Economic Evaluation of the Spironolactone for Adult Female Acne (SAFA) trial”.* Pyne SC, Sach TH, Lawrence M, Renz S, Eminton Z, Stuart B, Thomas K, Francis N, Soulsby I, Thomas KS, Permyakova N, Ridd MJ, Little P, Muller I, Nuttall J, Griffiths G, Layton AM, Santer M.

Matthew Franklin (University of Sheffield): *“Depicting the EQ-5D within directed acyclic graphs: practice and implications for causal reasoning.”* Franklin M, Peasgood T, Tennant P

15.40 Invited speaker (20 minute presentation followed by discussion)

Fanni Rencz (EuroQol Group). Title tbc

16.20 Closing remarks

16:30 Close
